### Highland High Feasibility Schedule

- Presentation by Paul Shulte
  - The district is starting to discuss the idea of rebuilding Highland high school to create a larger school to accommodate their large student body. West high is doing the same.
  - Parents wanted to know if the district was considering building a Glendale High School for our community. This would allow each high school to be smaller instead of having two “mega high schools”.
    - We are going to create a survey to share with families to receive their opinions to share with our precinct board member as well as draft a letter for Mohamed.
